

A.P.C. Meeting  
October 12<sup>th</sup>, 2015

## Principal's Report

### **New Staff Member**

Please join me in welcoming Hilda Martin as our 8 hr/day TA. She will be working with Frau Younkings and Frau Brewer to manage the tutoring program.

### **Budget Update**

Please see the 2015-2016 adopted budget. I have also included the most recent IFAS budget report, which shows expenses to date. There is also a print out of current Fund 5 accounts.

### **School Check-in System**

The check-in system is almost ready. We obtained the password and renewed the subscription with School Check-in. It was \$150 for a one-year subscription. Frau Decker has been adding names. Parents will also soon be able to log in hours, as they customarily have.

### **In-service Days**

This Friday, our teachers will be taking part in Performance Task Training presented by our site-based specialists, Frau Kubena and Herr Bearss. This training pertains to the new functions within the Alaska Measures of Progress. The performance tasks are based on our standards and will allow students to demonstrate and synthesize their learning in both language arts and math. During second half of the day, German teachers will be attending a world language Student Growth Objectives workshop at West High School. The rest will stay at Rilke and take part in an SEL initiative wherein teachers who are in the Connected and Respected Class will demonstrate some of the techniques they have been learning in their Wednesday night class. October 23<sup>rd</sup> is a half-day in-service and will focus on our SEL and science initiatives.

### **Website**

The [www.rilkeschule.org](http://www.rilkeschule.org) website has been updated. Our web master, Heather Holland, met me on Saturday and spent several hours combing through the pages. The info is currently up to date. This info will now be gradually transferred over to the ASD platform to our new website. We hope to make the entire conversion complete by the end of October.

### **Enrollment Numbers**

Current enrollment (to include two kindergarten parents who have accepted, but have yet to enroll) is 473. One more has been offered a spot, but has yet to accept. There are five more on the waitlist for kindergarten and 37 for 1<sup>st</sup> grade spots.

**Freude am Lernen**

**Joy of Learning**
